x = n/a

If your thermostat has the same physical appearance as above, and was manufactured between **June 1, 2011** and **October 10, 2011**, it may be involved in a safety recall and must be permanently removed from service. See below for additional details regarding specific date codes and model numbers.

Affected thermostat model numbers (and aliases for these thermostats which are in alternative packaging): **LV1, LV2, ALV1, ALV2, MLV2, LV1001, and LV1011**. If your thermostat has any of these models, **AND** has a date code which matches any of the numbers in the table below, please return it to the place of purchase or contact LUX Products directly using the telephone number at the bottom of this page.

<b>LV1, Single-Pole (2-wires)</b>		<b>LV2, Double-Pole (4-wires)</b>
